The Ladies' Driving Contest Is Won by Miss Alice Spicer.

(Special to The Times-Dispatch.)

FETERSHURG, VA., October h-Perfect weather, a great attendance, and a fine display of more good horses that he average citizen believed were in town, with not an accident, furnished every essential to the success of the Horse Show at the Riverside Country Club this Afternoon, and gave the new Horse Show Association firm assurance of the permanent popularity of its quickly organized exhibition.

The big crowd in the stands and around The big crowd in the stands and around the ring cheered and 'applauded, and altogether 'took to' the affair with an enthusiasm that created multitudes of horse experts within half an hour after the bugie blew for the first class; but the judges seemed neither to need nor desire any assistance in their decisions, which appeared to give universal satisfaction, save where some lovelorn swain would swear his lady was all he could see in the ring in the class for ladles' harness horses, which, from an amateur point of view, was the most attractive exhibition.

The show did not onen until 2 o'clock in the afternoon, but long before that hour the roads to the Country Club were lined with a bright array of riders and drivers, and the street car line crowded. The visitors flocked over the club grounds, filled the stands and swarmed around the ring, until in and swarmed around the ring, until in some cases way had to be cleared for the competing horses to enter or leave the
